

## Safety Data Sheet

### 1. Chemical Product and Company Identification

Product Name:	Ferrite Magnet (Ceramic)
Company Name:	Bunting Magnetics Co.
Address:	1150 Howard Street, Elk Grove Village, IL 60007
Contact Person:	Dean Stahl
E-mail:	<a href="mailto:dstahl@buntingmagnetics.com">dstahl@buntingmagnetics.com</a>
Telephone:	847-593-2060
Fax:	847-593-2045

### 2. Hazards Identification

Shipping name:	Not listed as hazardous materials
----------------	-----------------------------------

### 3. Composition / Information on Ingredients

Product Name:	Ferrite Magnet			
Formula:	Ferrite			
Chemical Family:	Fe <sub>2</sub> O <sub>3</sub>	SrO	CaO	BaO
CAS No.:	1309-37-1	1314-11-0	1305-78-8	1304-28-5

### 4. First – Aid Measures

Eyes:	For as dusts or particles, wash with water. Obtain medical attention if symptoms persist.
Skins:	No harm for skin contact
Ingestion:	Spit out at once. If you have ingested it already, please obtain medical attention.
Inhalation:	For as dusts or particles, wash with water. Obtain medical attention if symptoms persist.

### 5. Fire – Fighting measures

Hazardous:	NA
Dangerous combustion products:	NA
Means of Extinction	Dry sand or chemical powder

### 6. Accidental Release Measures

Measures:	Clean
-----------	-------

## 7. Handling and Storage

Handling Procedures and Equipment:	Be careful not to pinch fingers or any parts of your body, when handling and assembling magnet. Do not allow the magnet to come close to fixed a floppy disk, and electric watch or a magnetic card, since it can destroy or alter the magnetic data. -Do not allow the magnet to come close to a person having an electric/electronic medical device, such as pacemaker -Keep away from the children
Storage requirement:	Avoid contact with mineral acids, moisture and long-term exposure to air. Store under a dry, inert atmosphere.

## 8. Exposure Controls / Personal Protection

Respiratory system protection:	NA (Dust respirator when machining or grinding)
Eye protection:	NA
Body protection:	NA
Hands protection:	NA

## 9. Physical and Chemical properties:

Physical state:	Solid	Shape:	NA
Appearance:	Grey/Black	Smell:	NA
PH value	Neutral	Boiling Point:	NA
Decomposition Temperature:	NA	Flash point:	NA
Spontaneous combustion temperature	NA	Vapor Pressure	NA
Density	4.8-5.2 g/cm <sup>3</sup>	Solubility:	NA

## 10. Stability and Reactivity

Stability:	Good
Decomposition:	Dipping into water or acid for a long time can rust and/or elute boron. Reaction with strong acid can occur causing hazardous fumes. Bombarding in an organic solvent containing halogen can explode.
Conditions to avoid:	Do not use or store in the conditions as follows: Acidic, alkaline or oxidizing agents, electrically conductive liquid, hydrogen or corrosive gases, in radioactive rays exposures

## 11. Toxicological Information

Acute toxicity:	NA
Skin irritation or other side effects:	NA
Eye irritation or other side effects:	NA
Carcinogenicity:	NA
Reproductive toxicity:	NA
Other dangerous:	NA

12. Ecological Information

Eco toxicity:	NA
Persistence and biodegradability:	NA
Potential cumulatively:	NA
Motility from the soil:	NA

13. Disposal Considerations

The nature of the waste:	Disposal must be in accordance with applicable federal, state/provincial and local law and regulations if any.
Treatment of waste:	Recycle
Caution of waste:	NA

14. Transport Information

Package:	<ul style="list-style-type: none"> <li>• Transport/Additional information:</li> <li>• <b>Land transport ADR/RID (cross-border):</b></li> <li>• <b>Remarks:</b> Non-hazardous goods from the standpoint of the specified regulations</li> <li><b>Attention:</b> Packing boxes with magnetized parts inside generate magnetic fields and are able to attract magnetizable materials.</li> <li>• Maritime transport IMDG:</li> <li>• <b>Remarks:</b> Non-hazardous goods from the standpoint of the specified regulations</li> <li><b>Attention:</b> Packing boxes with magnetized parts inside generate magnetic fields and are able to attract magnetizable materials.</li> <li>• <b>Air Transport ICAO-TI and IATA-DGR: Non-magnetized parts:</b> Not classified as hazardous goods as understood in the ordinance given</li> <li><b>Magnetized parts in packaging units:</b> Conduct test for classification as per IATA regulations (see Class 9 /Packing Instruction 902) If test is positive, the following apply: <b>ICAO/IATA class:</b> Class 9 / Page 172 <b>UN/ID number:</b> 2807 <b>Correct technical name:</b> Magnetized materials</li> </ul>
Marine pollution:	NA

15. Regulatory Information

Follow all regulations in your country.

16. Other Information

No Data available.
