Technical Data Sheet

Magnetic Door Catches, Supec A Series

BUYMAGNETS.com Supec A Series are designed for surface mounting. The attraction force is perpendicular to the fixing surface.

Product Specifications

Shape:

Rectangle

Part No.	Holding Force (lbs)	A	B	C	D	E	Color	Price
11310	8.8	1.890	.748	.591	1.500	.845	White	\$0.45

- All Measurements are in inches (unless otherwise noted)
- Direction of Magnetization (DOM) is through the thickness unless noted
- Unless otherwise specified, magnets will be furnished in magnetized condition
- Holding forces are approximate. These are average values obtained under laboratory conditions. Size, shape, and material of the test piece may affect actual pull forces
