

GLOBAL. MAGNETIC. FORCE.™

Technical Data Sheet

Magnetic Pickup Tools

BUYMAGNETS.com Magnetic Pickup Tools are scientifically designed for handy, fast, efficient pickup of small parts. Touch the bottom of the Magnetic Pickup to the parts to capture and hold them in place. To drop them, simply pull up the center handle and parts are released.

Product Specifications

Part No.	L	W	H	Lift Capacity (lbs)	Price
MODEL-71	5"	1 3/4"	9"	2-3	\$75.00

- All Measurements are in inches (unless otherwise noted)
- Direction of Magnetization (DOM) is through the thickness unless noted
- Unless otherwise specified, magnets will be furnished in magnetized condition
- Holding forces are approximate. These are average values obtained under laboratory conditions. Size, shape, and material of the test piece may affect actual pull forces
