

GLOBAL. MAGNETIC. FORCE.™

Technical Data Sheet

Magnetic Push/Pull/Tow Sweeper

Hitch rugged Bunting® Magnetic Push/Pull/Tow Sweepers to your forklifts, tractors, or maintenance vehicles to clear away ferrous parts and debris. They can also be manually pushed or pulled. The magnet is suspended from the axle shaft so that the handle can be operated at any height without adjustments. Push/Pull/Tow Sweepers are available in 4 and 6 foot models. Ground clearance for the powerful heavy-duty magnet is adjustable from 1 to 3 inches. Cleaning just got easier!

Product Specifications

Part No.	Pick Up Width	Price
PPTS-72	72	\$1,854.00

- All Measurements are in inches (unless otherwise noted)
- Direction of Magnetization (DOM) is through the thickness unless noted
- Unless otherwise specified, magnets will be furnished in magnetized condition
- Holding forces are approximate. These are average values obtained under laboratory conditions. Size, shape, and material of the test piece may affect actual pull forces
